Commissioner for Patents

Dear Commissioner:

A non-final Office Action was mailed on June 11, 2010 in the above-identified application. The only rejection contained in the Action was based on the non-statutory, judicially-created doctrine of double patenting over US Patents No. No. 6,278,884, No. 6,681,120 and No. 7,321,783.

Applicant filed a complete and bona fide Response to the Action in the USPTO on June 11, 2010. With the Response, Applicant submitted a complete and proper Terminal Disclaimer to remove the double patenting rejection, and a complete and proper Statement Under 37 CFR §3.73, both executed by an authorized signatory of Owner of 100 percent of the present application and of the patents relied upon for the double-patenting rejection. The filing fee for the Terminal Disclaimer was paid through the USPTO EFS.

On June 28, 2010, the Office disapproved the Terminal Disclaimer for allegedly containing language that did not include equitable title.

While Applicant respectfully disagrees with the interpretation of the language by the Office, submitted herewith is a replacement Terminal Disclaimer for entry and approval in the present application. Applicant courteously requests acceptance of the attached replacement Terminal Disclaimer, and use of the previously-filed Statement Under 37 CFR §3.73 and previously-paid Terminal Disclaimer filing fee. Accordingly, no

additional fees are required for complete entry of the Terminal Disclaimer submitted herewith.

The Commissioner is authorized to charge any fees necessary to maintain this application in force to Deposit Account No. 50-2929, referencing Attorney Docket No. PK107441.

The Examiner is invited to direct any questions to the undersigned at the below-identified contact numbers.

Respectfully submitted,
KI JL KIM
